Apa yang kita cari?

Secara umum

- Tata kelola pemerintahan (peraturan, forum)
- Integrasi antara rencana dan SKPD
- Partisipasi dari banyak SKPD
- Tanggung jawab/prioritas/jangka waktu
- Pendanaan yang realistis

Apa yang kita cari?

Secara khusus

- Pendekatan semua ancaman bencana
- Elemen risiko
 - Risiko, Paparan, Kerentanan, Konsekuensi
- Pengelolaan lingkungan
 - Restorasi, perlindungan, ketaatan
- Aksi dengan sasaran kelompok rentan yang spesifik
 - Contoh: perempuan, manula, anak-anak, difabel, kelompok etnis yang berbeda

Apa yang kita cari?

Cont./

- **Membangun modal sosial**
 - Contoh: kesehatan, mata pencaharian
- **Penekanan kepada pemberdayaan masyarakat**
- **Menyasar sektor swasta**
- **Universitas yang memimpin**

Faktor-faktor yang mendukung keberhasilan adalah

- Adanya kelompok yang bertanggung jawab akan penyusunan rencana dan pelaksanaannya
 - Bukan tanggung jawab satu orang
- Persetujuan dan pendanaan dari DPRD
- Visi jangka panjang dengan tahapan per tahun yang realistis

Kota Bengkulu Action Plan

Strengths

- **Governance (improving regulations)**
- **Strong UNIB leadership of activities**
- **Eq. Resistant design and construction**
- **Mapping Vulnerable groups**
- **Appropriate hazards**

Would also like to see:

- A specific DRR Forum (who will be the driving force?)
- Shared activities across many departments and with neighbouring districts (e.g. training)
- Province? Private sector? NGOs? involvement
- Environmental management Objectives e.g. upstream catchment management, mangrove management
- Social capital Objective (e.g. livelihood creation/ diversification; community health?)
- More regulation re DRR and building control development
